by Post Save LWH C/O News From Nowhere 96 Bold Street Liverpool L1 4HY

- For good antenatal care, care at birth and care in the early months for each mother, and each baby in UK!
- For a significantly higher maternity tariff!
- Reinstatement all breast-feeding support services!
- Invest in mental health!
- For decent pay, bursaries and lower workloads for NHS staff!
- For an end to privatisation and for services to be brought back in house!
- For a full reinstatement of the NHS!
- For an end to rip off PFI building finance in the NHS and public service!

The NHS as a national service is fully affordable, when it gets the same proportion of public expenditure as other western European countries pay for their health care, the same proportion as the UK used to pay before 2010. This is less than the appalling US system

Good health care is good investment in the population and prevents much human pain and grief.

Privatisation just makes money for the shareholders

• **Not one more winter crisis; fix the NHS. This winter there were 10,000 additional deaths in England and Wales in the first few weeks of 2018.** These policies are costing our people's lives

• Not one Doctor or Nurse who wants to, and is fit to, work in the NHS to face deportation!

• Not one contract to go to for profit organisation!

Encourage NHS Staff that together we can change this mess!

The fight for our hospital is part of the struggle for the NHS. We face the largest corporate interests who see it as a business opportunity. Remember Carillion and the Royal Liverpool Hospital rip off.

Seventy years ago, the NHS was founded as a

public service for the people at a time of real poverty.

Spread the word. Distribute leaflets, set up a small meeting, and go to Consultation meetings. Donate. Set up a stall, sign the petition, take it door to door, and keep us informed. Help celebrate NHS at

70, come to meetings...

**Come and march in London for NHS 70<sup>th</sup> Birthday on June 30<sup>th</sup>. Contact us for travel details.**

**March in Liverpool on 22<sup>nd</sup> September. Bring your own banners; bring your friends and family**
